Project Commitment: Ambassadors should schedule and complete a minimum of two training opportunities to become familiar with the materials and the activity.

Key Project Responsibilities:

- Present slides and follow the recommended script to create an experiential and fun learning session for groups of 8 to 50 participants, at Harvesters or off-site.
- Ensure participants complete any necessary forms (photo release, evaluation, etc.).
- Utilize the activity to communicate our key messages and facts/statistics about food insecurity, its impact on our region, and the role Harvesters plays.

Project Training/Support:

- Harvesters will provide a script and slide deck with current messaging and accurate facts/statistics, as well as opportunities to shadow and co-present with trained facilitators.
- Harvesters will provide information on the group size, make-up, etc. prior to the activity.
- Ambassadors agree to continually improve their knowledge and skills to effectively communicate the issue of food insecurity and engage the community in our mission.
