**Hunger is closer than you think**

Across our region, an astonishing one in every seven people will receive food assistance from our network of member agencies. This means odds are good you already know someone who is hungry.

He is a parent skipping a meal so his child can eat. She is a senior, making the difficult decision about whether to fill a prescription or buy groceries. And sadly, it is a child, dreading the weekend at home with little food. They are our neighbors, co-workers, our children’s classmates, and perhaps, even members of our family.

For more than 37 years, we have been the regions’ solution to hunger. Through key corporate and civic partnerships we work together to create a community where good health is for everyone.

When you give time, food, money and voice to the issue of hunger, you help create a stronger, healthier place for each of us to call home.
Give Money - Invest in Your Community

When you provide financial support for children, families, and seniors to receive the nutritious food they need to live a healthy lifestyle, you are providing more than food. You are bringing hope to the table. By becoming a supporter of Harvesters, every $1 you contribute helps us provide three meals to our neighbors in need.

Give Food - Raise Awareness About Hunger

Food drives are Harvesters’ best source of high-quality non-perishable foods, household items, and personal care products. Whether you choose an online virtual food drive or a traditional “blue barrel” food drive, this is a great way to build teamwork throughout your organization while working to provide meals to our hungry neighbors. We can customize events and content to help make your drive a success no matter what time of year you choose to raise food and funds for Harvesters.
